

ENABLING THE BLIND AND VISUALLY IMPAIRED TO USE READ NATURALLY

Appropriate For...

Grade/Skill Level: Grades 1-8

Intervention Range: Grades 1-Adult

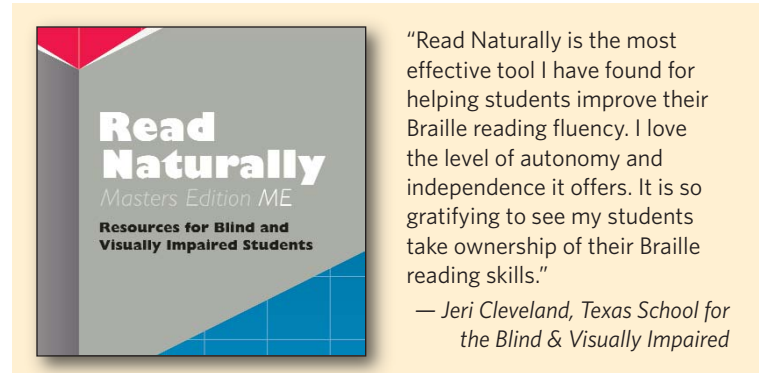

Resources for Blind and Visually Impaired Students

Read Naturally® now offers **resources** that enable **blind** and **visually impaired** students to take advantage of the Read Naturally Masters Edition program.

WHAT'S INCLUDED:

For the Sequenced series and Phonics series levels, each resource CD includes:

- Story files compatible with Duxbury software (version 10.5 or later) and Braille2000 software (latest download), enabling you to print all 24 stories in the level in Braille.
- PDF and text files of the stories in the level so you can create large-print versions for visually impaired students.
- Placement story files for levels 1.0 through 8.0, compatible with Duxbury and Braille2000 software, and PDF and text files for creating large-print versions of the placement stories, for use with the *Read Naturally Masters Edition Placement Packet*.
- A Braille help file, notes and instructions for using the resources, and information about any special symbols.

"Read Naturally is the most effective tool I have found for helping students improve their Braille reading fluency. I love the level of autonomy and independence it offers. It is so gratifying to see my students take ownership of their Braille reading skills."

— Jeri Cleveland, Texas School for the Blind & Visually Impaired

PRODUCT LEVELS

If you already have a Read Naturally ME level, you can purchase the corresponding resource CD separately. If you don't have a level, you can purchase the resource CD with the corresponding Read Naturally ME level with audio CDs for a special price.

Sequenced Series

Focuses on fluency development

Levels*: 1.0, 1.5, 2.0, 2.5, 3.5R, 4.5R, 5.6, 7.0R, 8.0

Phonics Series

Develops both fluency and phonics

Levels: .8 (short vowels), 1.3 (long vowels), 1.8 (blends/digraphs), 2.3 (r-controlled), 2.6 (short vowels), 2.7 (long vowels)

*Resource CDs for Sequenced levels 3.0, 4.0, 5.0, and 5.8/6.0 will be released at a later date.
