WHAT'S INCLUDED

Individual Books

Each book includes five high-interest nonfiction stories that are the right length for readers to practice without being overwhelming. Each book also includes:

- **Audio CDs:** Each CD includes recordings of the stories, instructions, vocabulary words, and fun facts. Reading along to audio recordings enables students to improve fluency, pronunciation, and expression.
- **Quick Quiz:** Answering questions about the story encourages students to read for meaning.
- **Graph:** By graphing their cold and hot scores, students see their progress, which increases self-esteem and motivates them to continue improving.
- **Joke Jumble:** The answers to the quiz questions spell out the answer to a riddle.
- **Crossword & Glossary:** These help students learn new words from the stories.
- **Did You Know?:** These are fun facts about the story topics.

Starter Kits

Includes everything you need to get started using One Minute Reader—a book with audio CD, timer, red/blue graphing pencil, and instructional DVD—all in a sturdy album.

Level Bundles

Each level bundle includes one copy of all One Minute Reader materials for a given level—one starter kit plus seven more books. You save 14% on each bundle compared to materials purchased separately.

School-to-Home Materials

In a school-to-home checkout program, students check out the books and audio CDs and write on separate record sheets instead of in the books themselves. This allows the books to be used multiple times. Each school checkout bundle includes eight books for a level, 25 record sheets for each book, timer, 12 red/blue pencils, instructional DVD, and a starter kit storage album.
