Read Naturally's highly effective programs develop fluency, support vocabulary, and promote comprehension using the powerful, research-based Read Naturally strategy. Our seminars, taught by nationally recognized educators, help you set up a new Read Naturally program—or maximize the effectiveness of your existing program—to help students improve their reading skills and test scores.

You will learn...

- The importance of attaining fluency and how fluency directly correlates with comprehension.
- To combine the research-based strategies of teacher modeling, repeated reading, and self-monitoring of progress to significantly improve fluency, support vocabulary development, and promote comprehension in struggling and developing readers.
- To identify students who need a fluency intervention.
- To individually place students in appropriate reading levels in Read Naturally and set appropriate reading-rate goals.
- To adjust students' reading levels and goal rates in Read Naturally to accelerate their reading achievement.
- To motivate students to become excited about reading.

You will receive...

- The information and skills necessary to accelerate the reading achievement of your students.
- Seminar packets including research, stories and guidelines for placement, program implementation tips, and a bibliography (\$25.00 value).
- *Read Naturally Software Edition Self-Study Course* (\$30.00 value).
- **With all materials:** Your choice of one of the following Read Naturally programs (up to a \$298.00 value):
 - Two **Read Live** seats (12-month subscription) including Read Naturally Live (19 levels) for two students and Benchmark Assessor Live (passages and reports) for 60 students.
 - One level of **Read Naturally Software Edition (SE)**, stand-alone version, plus a steps poster.
 - One level of **Read Naturally Masters Edition (ME)**, including blackline masters with audio support on audio CDs or cassettes, plus a timer and steps poster.
 - One level of another Read Naturally program (see website).

Our Presenters

Gail Adams has over 30 years of experience in general and special education, as a reading specialist, and as an educational consultant for the San Diego County Office of Education. Gail is a highly regarded presenter who draws on her experience with Read Naturally to provide in-depth and practical information.

Elaine Balum is a language arts teacher in the Danville, PA, schools. She has taught for over 30 years and also trains teachers at Susquehanna University. Elaine has had outstanding success with the Read Naturally strategy. One year, 50% of her Title I students tested out of Title I on the reading comprehension test.

Bill Barley is a literacy and behavior consultant at Oakland Schools, a regional agency serving 28 Michigan school districts. For over 10 years, Bill has been training educators in assessment and intervention strategies, including Read Naturally, and coordinating grant programs that address the needs of at-risk learners.

Marie Bodden is a special education teacher from College Station, TX, who has extensive experience and success with the Read Naturally strategy in her resource classroom. She is an excellent presenter who will inspire you with her enthusiasm for teaching and her expertise in using the Read Naturally strategy.

Joe Cline, an elementary teacher in Indianapolis, has extensive training in early literacy intervention. He is a highly motivating educational consultant and has addressed educators and parents across the U.S. Joe has seen the power of Read Naturally with his students and is eager to share his experiences with fellow educators.

Barb Denbow is an experienced, enthusiastic presenter and has been a teacher for over 25 years. Her love for teaching and knowledge of reading instruction is evident through her students' success and her inspiring presentations. Her remedial reading students have made excellent progress using the Read Naturally strategy.

Dr. Jan Hasbrouck, an educational consultant and trainer, has worked extensively with students from kindergarten through college. An outstanding presenter, Jan has widespread experience using Read Naturally and helping educators design and implement effective programs for low-performing students.

Carol Ann Kane is an outstanding presenter and reading resource teacher from Cedar Rapids, Iowa, who has accelerated the reading achievement of her students with Read Naturally. As a presenter, Carol shares her experience and motivates teachers to use its principles to improve students' fluency and comprehension.

Sarah Jane Schonour is a National Board Certified Teacher, author, and consultant who enjoys sharing strategies that work. She has worked in public education for over 15 years and has had great success using Read Naturally. Teachers have been very impressed with the expertise and organization of her presentations.

Sandra Strong has been an educator for over 25 years, serving as a special education teacher and a dyslexia specialist. As a certified ESL Master Reading Teacher and consultant, she shares her knowledge and expertise with struggling readers with peers, university students, and parents through humor and real-life stories.

Bev Wirt is a passionate and experienced first-grade teacher in Glendale, AZ. She has been a reading specialist and has taught graduate classes in reading for Grand Canyon University. Bev proudly shares her students' successes using the GATE for Phonics and Read Naturally programs.

"This is my third Read Naturally seminar, and I continue to learn something new each time."
