Read Naturally's highly effective programs develop fluency, support vocabulary, and promote comprehension using the powerful, research-based Read Naturally strategy. Our seminars, taught by nationally recognized educators, help you set up a new Read Naturally program—or maximize the effectiveness of your existing program—to help students improve their reading skills and test scores.

### Make the most of your...

- Read Naturally Live program
- Read Naturally Encore program

### You will learn...

- The importance of attaining fluency and how fluency directly correlates with comprehension.
- To combine the research-based strategies of teacher modeling, repeated reading, and self-monitoring of progress to significantly improve fluency, support vocabulary development, and promote comprehension in struggling and developing readers.
- To identify students who need a fluency intervention.
- To individually place students in appropriate reading levels in Read Naturally and set appropriate reading-rate goals.
- To adjust students' reading levels and goal rates in Read Naturally to accelerate their reading achievement.
- To motivate students to become excited about reading.

### You will receive...

- The information and skills necessary to accelerate the reading achievement of your students.
- Seminar packets including research, stories and guidelines for placement, program implementation tips, and a bibliography.
- Your choice of one of the following self-study options:
  - **Read Live users:** Read Live Hands-on Training (workbook and online access)
  - **Encore/ME users:** Read Naturally Encore Teacher's Manual
- **Training + Curriculum:** Your choice of one of the following Read Naturally programs (up to a \$298.00 value):
  - Two **Read Naturally Live** seats (12-month subscription) for two students (23 levels of curriculum) and a steps poster.
  - One level of **Read Naturally Encore**, including blackline masters and audio support on CDs, plus a timer and steps poster.
  - One level of another Read Naturally program (see website).

## Our Presenters

**Gail Adams** is a veteran educator with extensive experience in general education, special education, and as a reading specialist. Gail has successfully implemented Read Naturally since the mid 1990s and has been training teachers in its use since 2002. She has also co-authored books on vocabulary and fluency.
