Graph shows number of words written in the Retell step on the first attempt, by story.

Retell (Quality)

Blue squares represent student work graded acceptable on the first try

Report Key

Read Naturally Live: Student Retell Graph

Use this report to help you track the student's reading comprehension and help you make instructional decisions that optimize the student's progress.

The **Retell (Words Written) graph** lists the number of words the student wrote from the first attempt at retelling the story. Results are listed in the order that the stories were completed.

The **Retell (Quality) graph** lists student results from the first try retelling the story. Stories are listed in the order they were completed, along with the story completion date.

- Squares are blue if the student's work met the teacher's expectations on the first try.
- Squares are red if the student's work did not meet the teacher's expectations on the first try.
- Squares are light gray if the student was not required to complete the step.
