Optimizing Your Staff Member Module

Read Live Set-up Tips: Back to School with Read Live

Optimizing your Staff Member Module

Updating Account Information

Only Account Administrators can update basic information for the account, including designating the Main Account Contact. To update your account information:

- From the navigation menu, select **Account & School Administration**.
- On the Account page, update the account's name or assign a new Main Account Contact as necessary.
- Click **Save**.

Sorting and Filtering

Sorting and filtering the entries on a list can make it easier to find students and staff members you need to access. Use filters to narrow a list down to entries that meet certain criteria. This can be especially helpful if you have many students and need to locate a particular one. To use sorting and filtering:

- Click the name of a column to sort by that column. Click the name again to sort in the opposite direction.
- Click the filter icon to the left of each column's name to narrow a list using that column. You can choose various ways to narrow the list, including choosing only entries that contain the text you enter.
- Click **Apply Filter** to update the list using your criteria.
- Click the same filter icon again and click **Reset** to clear the filter.

Account Maintenance

Advancing Student Grades by Starting a New School Year

Account Administrators can prepare for a new school year by advancing the grades of all students in their account, removing homeworks from all students, and optionally removing teachers and Lead Teachers from all students. Only Account Administrators can access this feature. To reset all students to begin a new school year:

- Log in to the Staff Member Module as an Account Administrator.

For more information on setting up your Read Live account:

- [The Navigation Menu in the Staff Member Module](#)

- [Call us at 800-756-4655](tel:800-756-4655)

Our support team is available Monday-Friday 8:00-5:00 CST.

in the navigation menu, select **Student Administration**, and click **New School Year Administration**.

The **Start a New School Year** page, when an option:

1. **Remove Existing Teachers and Lead Teachers** (1) removes all active students one grade (2) removes all student homework assignments (3) removes all student licenses and Lead Teachers.
2. **Remove Existing Teachers and Lead Teachers** (1) removes all active students one grade (2) removes their homework assignments (3) keep all students' licenses and Lead Teachers.

• **Save & Close**

• **Change All Students** to confirm.

and Lead Teachers

Teachers

Teachers are assigned whenever a student is given a Read Naturally Live student's Lead Teacher (the staff member who makes educational decisions for that student). Lead Teachers are responsible for placing their students, adjusting their students' series, levels, and timing their story options, and viewing their reports to monitor progress.

The Staff Member Module

Staff members in the Teacher role make decisions for students for whom they are the Lead Teacher. For example, a teacher can remove the license of a student for whom they are the Lead Teacher. They cannot remove the license of a student who has a parent Lead Teacher. Staff members in the Account Administrator or School Coordinator role can make changes for students with any Lead Teacher.

The Student Module

Any staff member can access any student. For example, a teacher can supervise a student passing a story, whether or they are that student's Lead Teacher.

Feature

Feature allows any Lead Teacher share access to students on the waiting list of other Teachers and Read Live Assistants. Each Lead Teacher's list is seen by team members who belong to that teacher's team.

Any Account Administrator can see all students in an account. School Coordinators can see all students in their schools. These roles do not need to belong to a Team to see students, so they cannot be added to a team.

- Teachers and Read Live Assistants can belong to multiple teams.

Other Tools for Read Live

Single Sign-On Options with Read Live

Read Live can set up their accounts to allow SSO for students. Doing so allows students to log in to Read Live and to use Read Live without entering their email address each time they open the application.

Read Live currently supports [Google SSO](#), [Classroom](#), [Canvas LMS](#), and [Blackboard](#).

Read Live also has our Technical Support experts to guide you through SSO with Canvas, Classroom or Google Classroom. Contact us at support@ReadNaturally.com or 800-756-4655 (8:00-5:00 CST).

Tools

Tools enables you to add or update many students using a student management system. Imports are scheduled tasks. Each import includes students from a single teachers in Account Administrator or School Coordinator roles.

Tools for Importing Student Data

Tools includes flexible distance learning tools meant to help enhance student work. These features allow students to progress in a variety of educational settings.

[Using Live for distance learning students](#)

[Setting up a live learning for distance students](#)

[How to work with remote students](#)

Tools for Teachers

Tools for teachers includes resources such as:

- [Priorities for teachers](#)
- [Tools for Read Live programs](#)
- [Live Help Page](#)

- Read Naturally Live data analysis reports
- District/Service center options
- Program-specific teacher's manuals
- Knowledgebase Resources

Understanding Licensing options

Schools need a license for each student who will use the program. On this page, you specify how schools receive those licenses.

- School can use any available licenses** enables the school to use any licenses in the account that are not already reserved for or in use by another school, on a first-come, first-served basis.
- Reserve exactly this many licenses** reserves a set number of licenses for the school. The school can use up to the specified number of licenses, but no more. These reserved licenses are not available to other schools in the account.

Delete School Option

The screenshot shows the 'Account Administrator' interface for account 00073642. On the left, there's an 'Account License Summary' showing 20 total licenses and 0 available licenses. Below that is an 'Account Settings' section with fields for Account Name, Main Account Contact, and Administrator Account, along with a 'Save' button. The main area is titled 'Schools & Licensing' and contains a table with columns: School, Licenses, Assigned to Students, and a 'Delete School' button. The table lists three schools, each with 10 reserved licenses and 1 assigned to students. A red box highlights the 'Delete School' button for the first school. At the bottom, there's a footer with links to Subscription Agreement, Privacy Policy, Help, and Contact Us, and a copyright notice for 2011-2023 Read Naturally, Inc.

Sorting and Filtering

The screenshot shows the 'Details for Account 00073642' page. On the left, there's an 'Account License Summary' box indicating 20 total licenses and 0 available licenses. Below it is the 'Account Settings' section with fields for Account Name, Main Account Contact, and a checkbox for 'Enable recording features'. On the right, the 'Schools & Licensing' section has an 'Add School' button highlighted with a red circle. Below this button is a table with columns: School, Licenses, Assigned to Students, and Delete School. The table contains three rows: 'School One', 'School Three', and 'School Five', each with 10 reserved licenses and 1 assigned to students. At the bottom of the table, it says 'Total licenses assigned to students (all schools): 3'. The footer includes links for Subscription Agreement, Privacy Policy, Help, and Contact Us, along with a copyright notice for 2021-2023 Read Naturally, Inc.

Sorting and Filtering

This screenshot is identical to the one above, showing the 'Details for Account 00073642' page. The 'Add School' button in the 'Schools & Licensing' section is highlighted with a red circle. The table lists three schools: 'School One', 'School Three', and 'School Five', each with 10 reserved licenses and 1 assigned to students. The total licenses assigned to students across all schools is 3. The footer contains the same navigation links and copyright information as the first screenshot.

Sorting and Filtering

The screenshot shows the 'Details for Account 00073642' page. On the left, there's an 'Account License Summary' box showing 20 total licenses and 0 available licenses. Below it is the 'Account Settings' section with fields for Account Name, Main Account Contact, and a checkbox for 'Enable recording features'. On the right, the 'Schools & Licensing' section has an 'Add School' button highlighted with a red arrow. Below this is a table with columns: School, Licenses, Assigned to Students, and Delete School. The table contains three rows for 'School One', 'School Two', and 'School Three', each with 10 licenses and 1 student assigned. At the bottom, it says 'Total licenses assigned to students (all schools): 3'.

School	Licenses	Assigned to Students	Delete School
School One	10 reserved	1	Delete
School Two	10 reserved	1	Delete
School Three	10 reserved	1	Delete

Total licenses assigned to students (all schools): 3

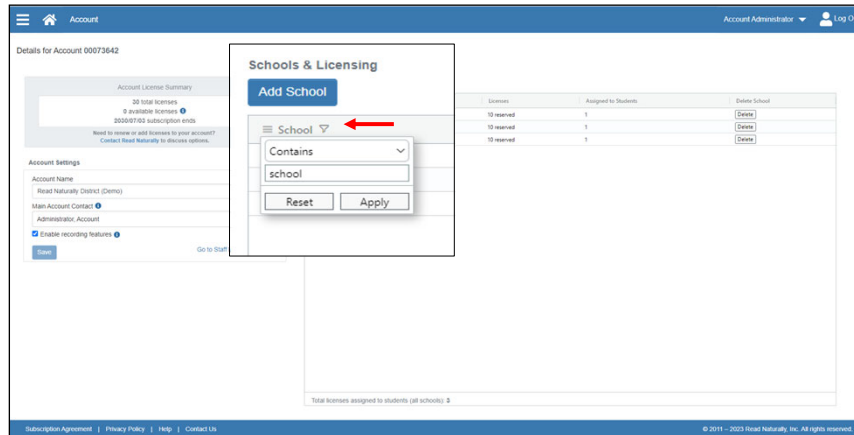

Sorting and Filtering

This screenshot is similar to the one above, but with a red circle highlighting the 'Filter' button in the 'Schools & Licensing' table. The table structure and data are identical to the previous screenshot.

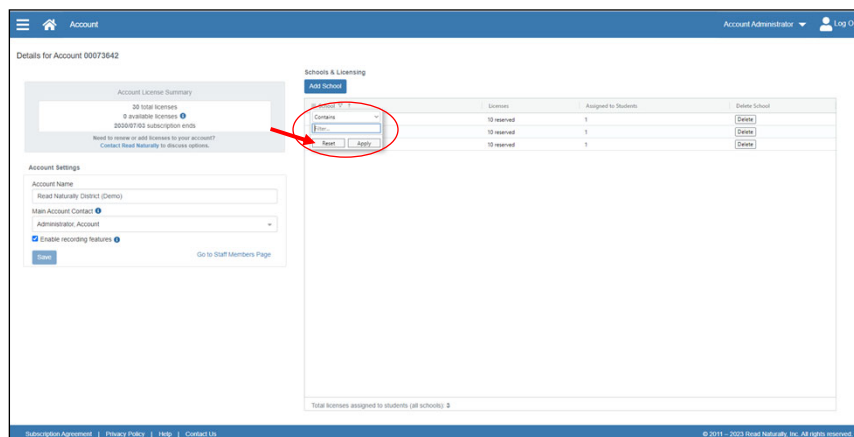

School	Licenses	Assigned to Students	Delete School
School One	10 reserved	1	Delete
School Two	10 reserved	1	Delete
School Three	10 reserved	1	Delete

Total licenses assigned to students (all schools): 3

Student Administration

Start a New School Year

Change ALL Students

Back to School with Read Live

Licenses and Lead Teachers

2. From the navigation menu, select **Student Administration**, and then click **New School Year Administration**.
3. On the Start a New School Year page, select an option:
 - a. Select **Remove licenses and Lead Teachers** to (1) advance all active students one grade; (2) remove all student homeroom assignments; (3) remove all students' licenses and Lead Teachers.
 - b. Select **Retain licenses and Lead Teachers** to (1) advance all active students one grade; (2) remove their homeroom assignments; (3) keep all students' licenses and Lead Teachers.
4. Click **Save & Close**.
5. Click **Change ALL Students** to confirm.

Licenses and Lead Teachers

Lead Teachers

A Lead Teacher is assigned whenever a student is given a Read Naturally Live license. A student's Lead Teacher is the staff member who makes educational decisions in Read Naturally Live for that student. Lead Teachers are responsible for initially placing their students, adjusting their students' series, levels, and goals, customizing their story options, and viewing their reports to monitor progress.

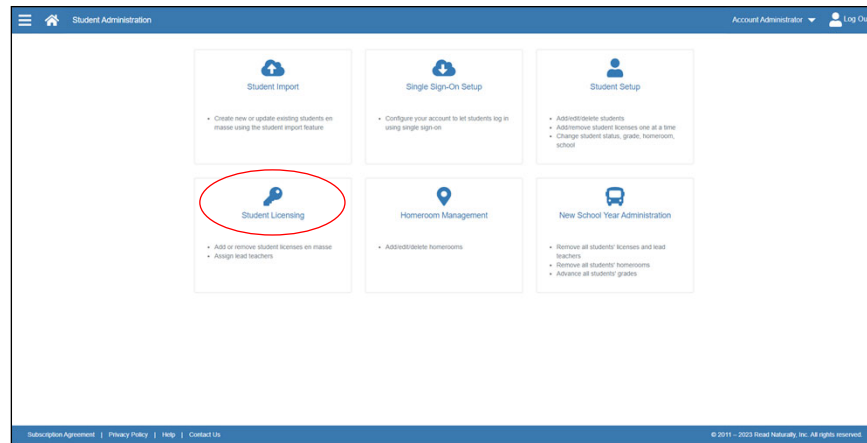

- **In the Staff Member Module:** Staff members in the Teacher role make changes to students for whom they are the Lead Teacher. For example, a teacher can remove the license of a student for whom they are the Lead Teacher. They cannot remove the license of a student who has a different Lead Teacher. Staff members in the Account Administrator or School Coordinator roles can make changes for students with any Lead Teacher.
- **In the Student Module:** Any staff member can assist any student. For example, a teacher can supervise a student passing a story, whether or not they are that student's Lead Teacher.

The Team Feature

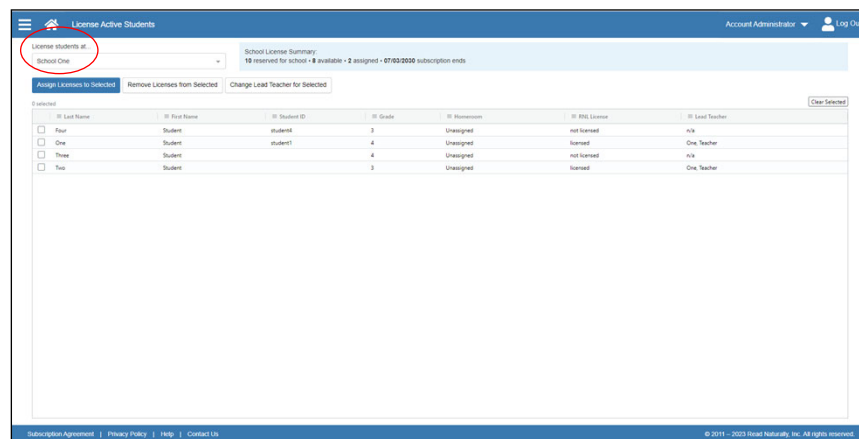

The Team feature lets any Lead Teacher share access to students on the waiting list with a team of other Teachers and Read Live Assistants. Each Lead Teacher's students can be seen by team members who belong to that teacher's team.

- **Note** that Account Administrators can see all students in an account, and School Coordinators can see all students in their schools. These users do not need to belong to a Team to see students, so they cannot be added to a team.
- Teachers and Read Live Assistants can belong to multiple teams.

- From the navigation menu, select **Student Administration**, and then click **New School Year Administration**.
- On the Start a New School Year page, select an option:
 - Select **Remove licenses and Lead Teachers** to (1) advance all active students one grade; (2) remove all student homeroom assignments; (3) remove all students' licenses and Lead Teachers.
 - Select **Retain licenses and Lead Teachers** to (1) advance all active students one grade; (2) remove their homeroom assignments; (3) keep all students' licenses and Lead Teachers.
- Click **Save & Close**.
- Click **Change ALL Students** to confirm.

Licenses and Lead Teachers

Lead Teachers

A Lead Teacher is assigned whenever a student is given a Read Naturally Live license. A student's Lead Teacher is the staff member who makes educational decisions in Read Naturally Live for that student. Lead Teachers are responsible for initially placing their students, adjusting their students' series, levels, and goals, customizing their story options, and viewing their reports to monitor progress.

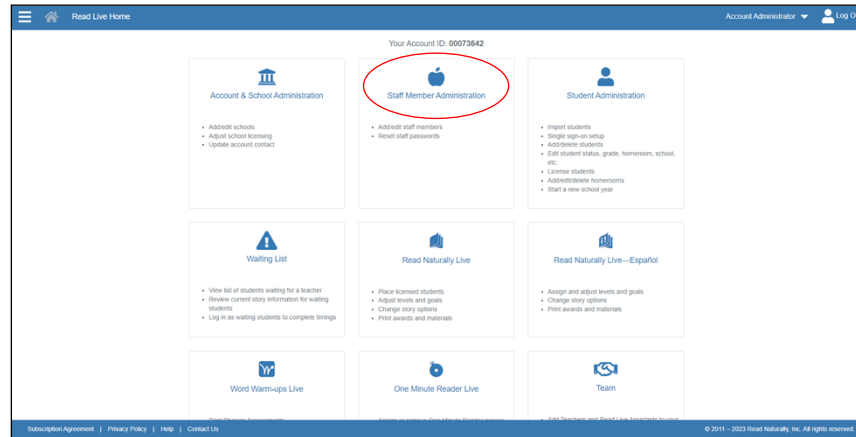

- In the Staff Member Module:** Staff members in the Teacher role make changes to students for whom they are the Lead Teacher. For example, a teacher can remove the license of a student for whom they are the Lead Teacher. They cannot remove the license of a student who has a different Lead Teacher. Staff members in the Account Administrator or School Coordinator roles can make changes for students with any Lead Teacher.
- In the Student Module:** Any staff member can assist any student. For example, a teacher can supervise a student passing a story, whether or not they are that student's Lead Teacher.

The Team Feature

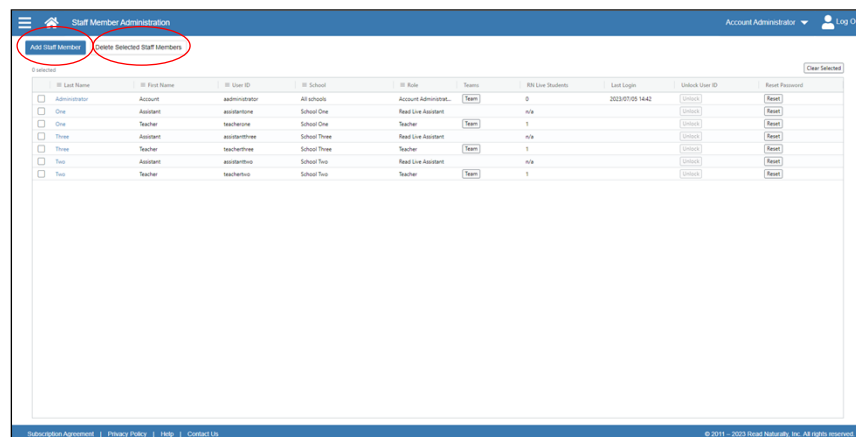

The Team Feature lets any Lead Teacher share access to students on the waiting list with a team of other Teachers and Read Live Assistants. Each Lead Teacher's students can be seen by team members who belong to that teacher's team.

- Note** that Account Administrators can see all students in an account, and School Coordinators can see all students in their schools. These users do not need to belong to a Team to see students, so they cannot be added to a team.
- Teachers and Read Live Assistants can belong to multiple teams.

Additional Teacher Tools

Additional Teacher Tools for Read Live

Using Rostering and Single Sign-on Options with Read Live

Account administrators in Read Live can set up their accounts to allow Rostering and Single Sign-on (SSO) for students. Doing so allows students to be automatically rostered in Read Live and to use Read Live without entering a user ID and password each time they open the application.

1. Read Live currently supports [Google SSO](#), [ClassLink Rostering and SSO](#), and [Clever Rostering and SSO](#).
2. [Book a session](#) with our technical support experts to guide you through setting up SSO with Clever, ClassLink or Google Classroom for Read Live. Contact us at support@readnaturally.com or 1-800-788-4085, M-F 8:00-5:00 CST.

Importing Student Data

Importing student data enables you to add or update many students using data exported from a student management system. Imports are scheduled and run during off-peak hours. Each import includes students from a single school. Only staff members in Account Administrator or School Coordinator roles can import student data.

- Follow our [guide for Importing Student Data](#)

Distance Learning Tools

Read Naturally Live includes flexible distance learning tools meant to help teachers coordinate remote students' work. These features allow students to continue making progress in a variety of educational settings.

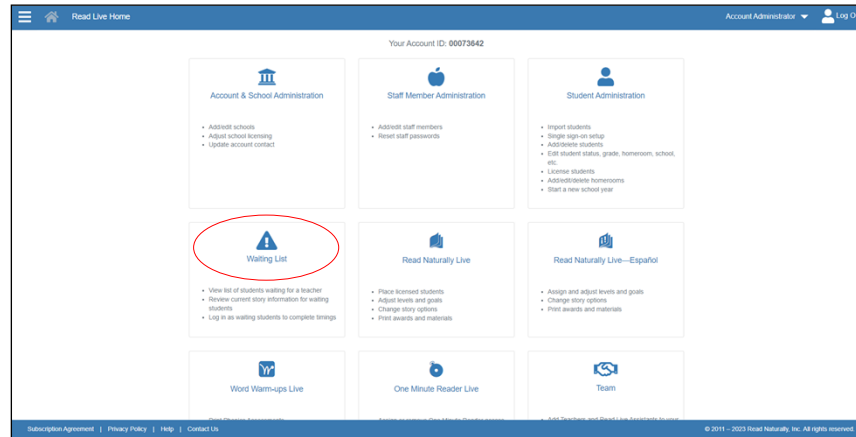

- [Using the Waiting List for distance learning students](#)
- [Student Recordings as hot timings for remote students](#)
- [Using Login As to work with remote students](#)

Training Resources for Teachers

Visit our [Training Page](#) for awesome resources such as:

- FREE online courses for teachers
- Student guides for Read Live programs
- The Read Live Help Page
- Virtual seminars
- Read Naturally Live data analysis reports
- District/Service center options
- Program-specific teacher's manuals
- Knowledgebase Resources
