What is the Summer Slide?

The Summer Slide is a decline in reading ability that can occur over the summer months.

Your child will love seeing their scores improve!

How does it work?

One Minute Reader includes 8 books in each level (early first-grade through mid-fifth grade). There are five nonfiction stories in each book.

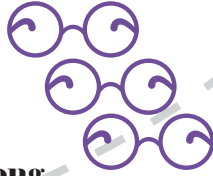

1

Select a Story

The reader logs into One Minute Reader and selects a book and story.

3

Read Along

The reader reads aloud along with a recording of the story to learn the words and build comprehension. The reader can click on challenging words for kid-friendly vocabulary definitions.

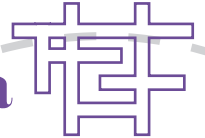

2

Cold Reading

The reader clicks the Start button and reads for one minute. The reader can click on unknown words to hear them pronounced. A graph shows the reader's words-correct-per-minute score after the minute is over.

5

Quiz, Joke Jumble, and Crossword

The reader answers questions about the story. The correct answers will solve the book's joke jumble. A crossword at the end of each book reinforces newly learned vocabulary words.

4

Read Alone

The reader builds fluency by reading the story independently in timed increments. After this step, the reader can see how their words-correct-per-minute score improved from the cold reading.
